

# **Capture Pro Software and Capture Pro Limited Edition**

## **Version 5.8**

### **Release Notes**

# Table of Contents

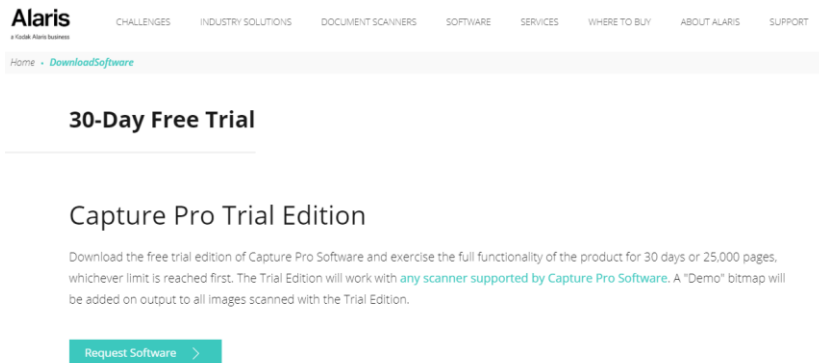

## Capture Pro Version 5.8

- Availability and Upgrading to Version 5.8
- KODAK Re-branding
- Additional Scanner Support including S3000/S2085f
- Problems Fixed

# Capture Pro Version 5.8.0 Availability

## Is now available on the Alaris World web site

- Production version posted to Capture Pro Support page:  
[www.alarisworld.com/go/captureprodownload](http://www.alarisworld.com/go/captureprodownload)
- Limited Edition updated for all current scanner support pages:  
<https://support.alarisworld.com>
- Download link for installer updated when requesting a 30-day trial:  
<https://support.alarisworld.com/downloadsoftware?sw=capture-pro-trial-edition>

The screenshot shows the Alaris website navigation bar with links for CHALLENGES, INDUSTRY SOLUTIONS, DOCUMENT SCANNERS, SOFTWARE, SERVICES, WHERE TO BUY, ABOUT ALARIS, and SUPPORT. Below the navigation bar is a breadcrumb trail: Home > DownloadSoftware. The main content area features a heading for "30-Day Free Trial" and a sub-heading for "Capture Pro Trial Edition". The text below the sub-heading reads: "Download the free trial edition of Capture Pro Software and exercise the full functionality of the product for 30 days or 25,000 pages, whichever limit is reached first. The Trial Edition will work with any scanner supported by Capture Pro Software. A 'Demo' bitmap will be added on output to all images scanned with the Trial Edition." At the bottom of the content area is a teal button labeled "Request Software" with a right-pointing arrow.

# Upgrading to Version 5.8.0 (1)

## Upgrading Stand-Alone Installations

- The customer's **Capture Pro Software Serial Number** must be entitled to the 5.8 release
  - **The Entitlement Date (or Software Assurance Expiration Date) must be September 1, 2020 or later**
- To upgrade, download the installer (**CapProSW\_5\_8\_0.exe**) file from [www.alarisworld.com/go/captureprodownload](http://www.alarisworld.com/go/captureprodownload) and run it.
  - **The installer will automatically upgrade an existing Capture Pro install to Version 5.8.0**
  - **When upgrading from Version 5.7 or earlier, an Internet connection is required during the upgrade as the KODAK Alaris licensing system will generate a new 5.8 license**

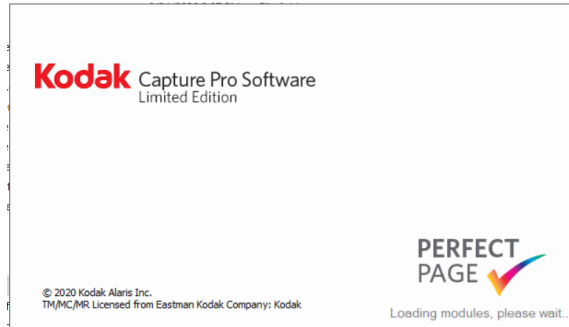

# Upgrading to Version 5.8.0 (2)

## Upgrading Network Edition Installations

- Both the NE Server and the NE Client workstations must be upgraded to Version 5.8 at the same time.
  - You cannot run a Version 5.7 client workstation with a Version 5.8 NE Server
  - You cannot run a Version 5.8 client workstation with a Version 5.7 NE Server
- To upgrade, download the installer files from [www.alarisworld.com/go/capturepronedownload](http://www.alarisworld.com/go/capturepronedownload) and run them
  - IIS on the Network Edition Server must be STOPPED prior to the upgrade and RESTARTED after the upgrade

# Capture Pro KODAK Re-Branding (1)

Software has been re-branded to **Kodak Capture Pro Software**

- Includes all **manuals and Help**
- Includes the **License Manager Tool**

# Capture Pro KODAK Re-Branding (2)

## Control Panel and Start Menu Changes

- Will also take effect when existing installations are upgraded to Version 5.8

Uninstall or change a program

To uninstall a program, select it from the list and then click Uninstall, Change, or Repair.

## Control Panel and Start Menu Changes (continued)

Before

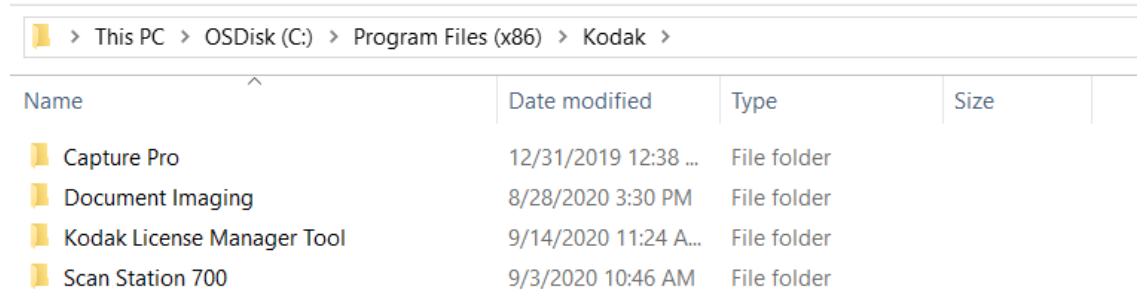

After

# Capture Pro KODAK Re-Branding (4)

## Program Files Directory Location

- No change for Capture Pro Software (full version or LE) **when upgrading an existing installation to Version 5.8.0**
- **License Manager Tool** location has been moved from **Alaris License Manager Tool** directory to the **Kodak License Manager Tool** directory
- For **new installations** of Capture Pro and/or the License Manager tool, the **default Program Files directory** is now:

Name	Date modified	Type	Size
Capture Pro	12/31/2019 12:38 ...	File folder	
Document Imaging	8/28/2020 3:30 PM	File folder	
Kodak License Manager Tool	9/14/2020 11:24 A...	File folder	
Scan Station 700	9/3/2020 10:46 AM	File folder	

# Capture Pro KODAK Re-Branding (5)

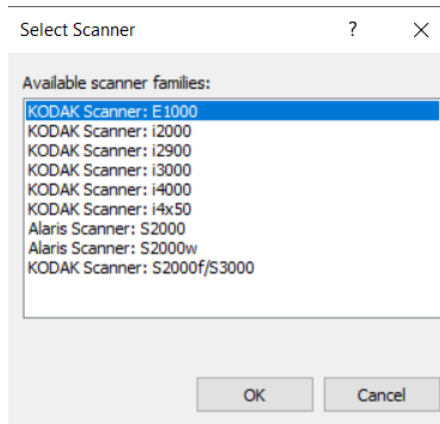

## Support for KODAK Re-Branded Scanners

- Version 5.8 will support **both** the Alaris and KODAK E1000, S2000, and S2000w scanners
  - **Existing Alaris Scanner customers can stay at their current version if they don't update their driver installation to the KODAK-branded driver**
  - **If the KODAK-branded driver is installed on the PC, then the customer must upgrade to or install Capture Pro Version 5.8**
    - An existing Capture Pro LE installation can also be upgraded to Version 5.8

# Capture Pro KODAK Re-Branding (6)

## Support for KODAK Re-Branded Scanners – “WHAT IF”

- IF E1035 customer updates their Alaris driver installation to KODAK, and therefore upgrades to Version 5.8, THEN they will need to do the following:
  - Re-select their Scanner
  - Recreate (or Copy) any custom Page Setups and Scanner Settings Profiles

C:\Users\Public\Documents\KCS Pro\Page Setup

Name	Date modified	Type
000-000-00000000000000000000000000000000	8/1/2019 4:04 PM	File folder

Kodak-i40-45F7E0FE5CA93E0ECF91F396870AEAD0	8/31/2020 1:15 PM	File folder

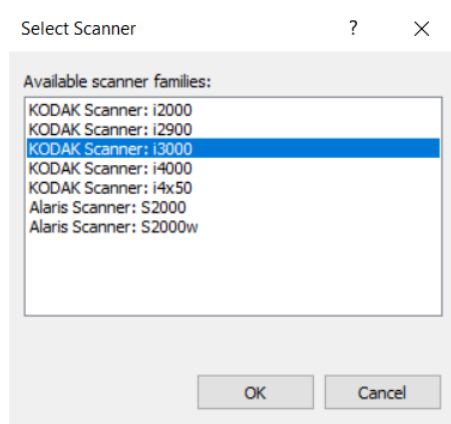

Each scanner has its own directory of Page Setups and Scanner Settings Profiles

Therefore, you could copy the contents of Alaris-E1035 folder to the Kodak-E1035 folder

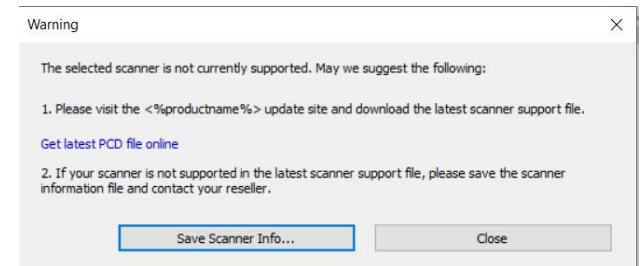

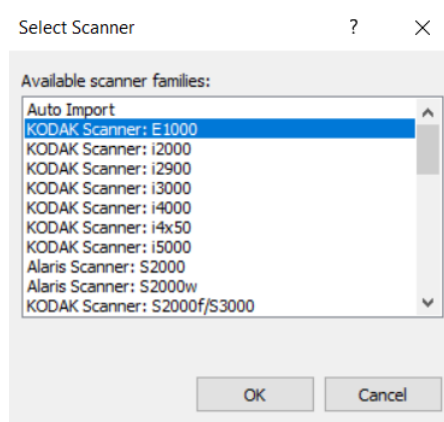

# Capture Pro KODAK Re-Branding (7)

## Support for KODAK Re-Branded Scanners – “WHAT IF” (continued)

- IF E1035 customer updates their Alaris driver installation to KODAK, but **does not upgrade** to Version 5.8

- **Capture Pro LE Select Scanner dialog will not even show the KODAK E1035 Scanner**
- **Attempting to select the KODAK 1035 Scanner from the full version of Capture Pro will fail**

# Additional Scanner Support (1)

## Kodak Scanner Support Additions

<b>Kodak S2085f</b>	<b>Group B</b>
<b>Kodak S3060/S3060f</b>	<b>Group C</b>
<b>Kodak S3080</b>	<b>Group C</b>
<b>Kodak S3090</b>	<b>Group C</b>
<b>Kodak S3100/S3100f</b>	<b>Group C</b>
<b>Kodak S3110</b>	<b>Group C</b>
<b>Kodak S3120</b>	<b>Group D</b>

### Special Models for APAC Region

<b>Kodak S3000P</b>	<b>Group C</b>
<b>Kodak S3000D</b>	<b>Group C</b>
<b>Kodak S3000S</b>	<b>Group C</b>

**Capture Pro LE** download will be Version 5.8.0 on the scanner support web pages:

<https://support.alarisworld.com>

# Additional Scanner Support (2)

## 3<sup>rd</sup> Party Scanner Support Additions and Changes

**Fujitsu fi-7800**

**Group DX**

**Fujitsu fi-7900**

**Group E**

**Canon DR-X10C**

**from Group F to Group E**

**Note:** Problem support for non-Kodak scanners is done on best-effort basis

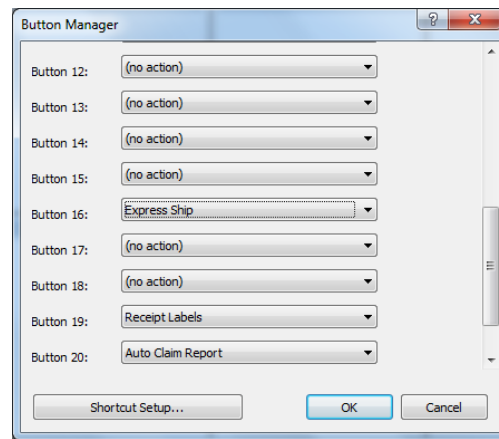

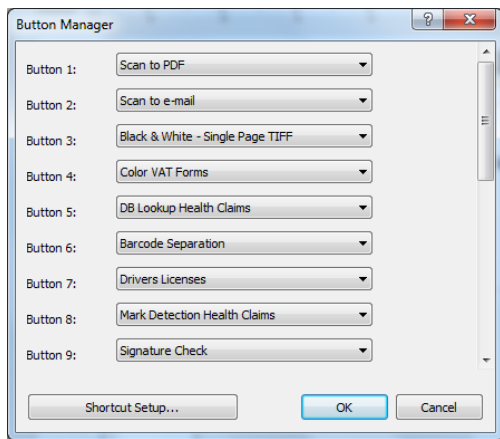

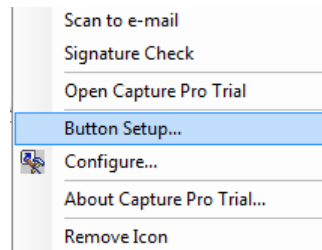

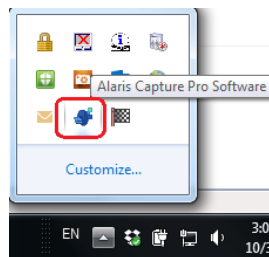

Complete list of supported scanners  
can be found at:

[www.alarisworld.com/go/kcsscannersupport](http://www.alarisworld.com/go/kcsscannersupport)

# S3000/S2085f Support (1)

## Button Support is similar to S2000/S2000w

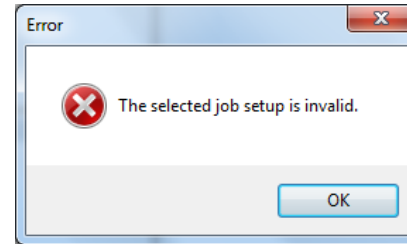

- **Up to 20 Button Assignments** can be configured for Capture Pro Shortcuts (i.e., Job Setup and Page Setup combination)

# S3000/S2085f Support (2)

## Button Support (continued)

- For stand-alone installations, button assignments are at the PC/system level
- If a user, based on their User Profile, **does not have access to a Job for which a button has been configured**, they will get the following message when pressing the associated scanner button:

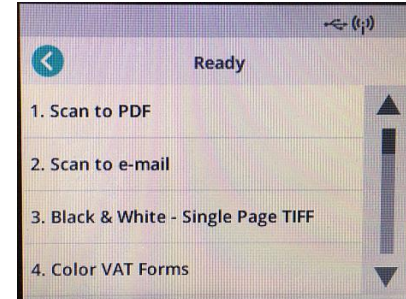

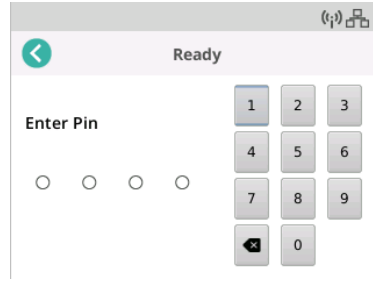

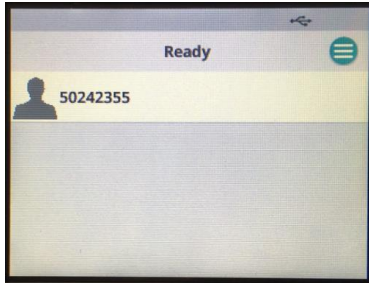

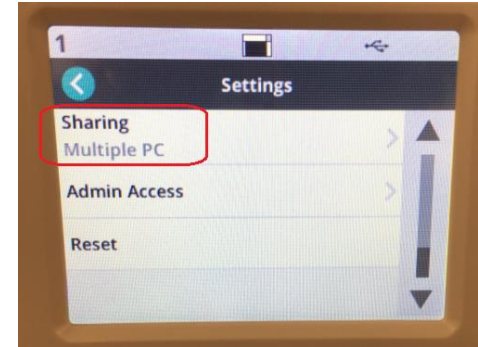

- For Network Edition installations, all client PCs attached to the same scanner model will get the same button assignments

# S3000/S2085f Support (3)

## Multiple PC Support

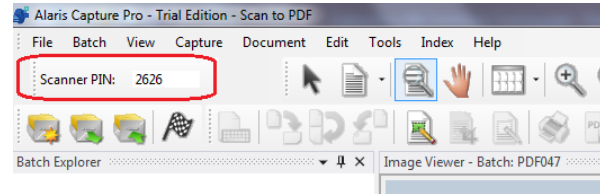

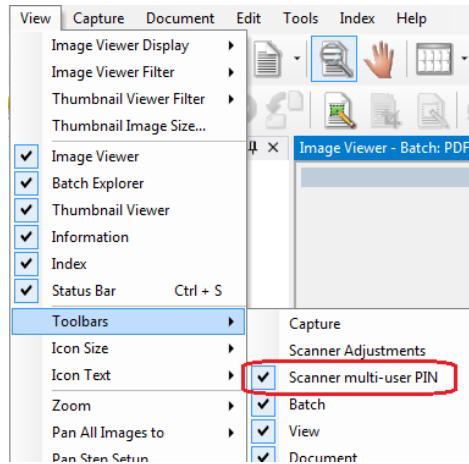

- When configured for **Multiple PC** sharing, up to 10 PCs can connect to an S3000 scanner at any one time
  - The users' Windows login user name is displayed on the Scanner OCP
  - An optional **Scanner Pin** can be enabled from the Main Screen requiring the user to enter their Pin when they initiate scanning from the Scanner OCP

# S3000/S2085f Support (4)

## Multiple PC Support (continued)

- Configuring the Scanner Multi-User PIN is done from a separate Toolbar

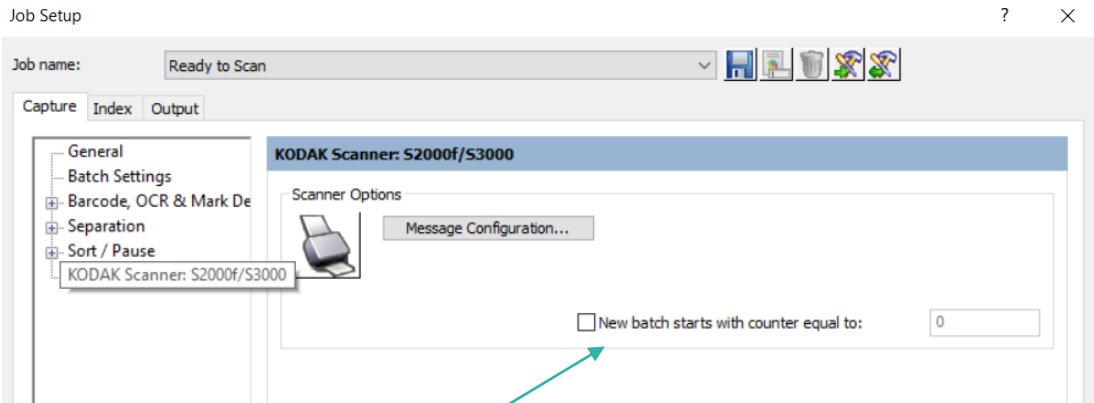

- The Scanner PIN is specific to each PC and therefore is not saved at the User Profile level and is not propagated in a Network Edition installation

# S3000/S2085f Support (5)

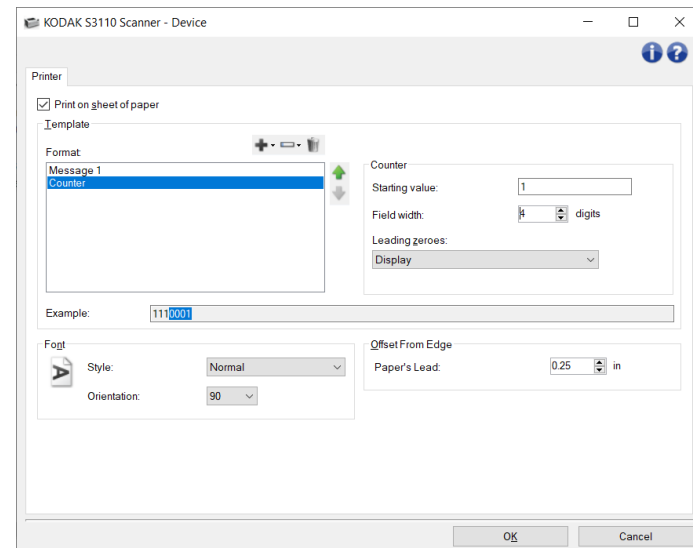

## Imprinter Support

- When the S3000 scanner has an Imprinter Accessory, configuration is done in Job Setup

### Notes:

- The New Batch counter is the imprinter counter and not the Stamp Counter
- S3000 image stamping is configured as part of setting up a Scanner Settings Profile accessible from Page Setup

# Problems Fixed in 5.8.0

- **Cannot scan or access Page Setup for S2000w scanners when GUI language is Polish**
  - Problem was new to Version 5.7.1
  - Fix is also included in **Capture Pro Limited Edition, Version 5.8.0**
- **Capture Pro not responding when Polish language user tries to switch to a different language GUI**
- **Duplicate File Names for output image files is not being correctly reflected in corresponding output document index files**
- **“List View Threshold Exceeded” error when outputting to SharePoint Online document library with over 5000 documents**
- **Customer’s QR bar code not being read correctly** – an update to the bar code engine has resolved the problem
